ENGINEERS REPORT OF THE SUNAPEE FIRE DEPARTMENT

January 1 to December 31, 1962

In 1962 the Fire Department answered a total of 24 alarms of which 22 were in the town of Sunapee. This is more than a 100 % increase over the previous year. The only heavy fire loss was the Holmes House in Georges Mills.

Our equipment is in good condition except for the pump on Engine II. We have not yet been able to find a pump which we feel will be adequate for our purposes and yet be within the cost range to invest in a 1948 truck.

We have installed a new heating system at the Georges Mills station.

With the help of volunteer labor we have insulated the roof of the Sunapee Station. We feel that this will pay for itself in a very few years in fuel costs. The fuel tank at the Sunapee Station had to be replaced and was done so with a 1,000 gallon capacity tank.

The town Civil Defense unit asked for and received permission to remodel the basement of the Sunapee Station for their headquarters for emergency work.

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and town for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2,200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 2 fires.

We burned 4.5 acres.

Permits issued: 173.

ABBOTT LIBRARY REPORT

For Year Ending December 31, 1962

Activities at the Library this year have included an exhibit by the Girl Scouts which was part of their work for a merit badge. From April 10-14th we had a large exhibit by Girl Scouts, Boy Scouts and Cub Scouts of their various kinds of craft work. We have completed a change over of the checkout system. Our system is now the same as the system used in the Sunapee School Library and is much more efficient than the system previously used.

Our book purchases this year have been concentrated in the area of the elementary grades as this was our greatest need. We have made every effort to cooperate with the School Library so that we do not duplicate but we do supplement.

Books were given to the Library this year by: George Steele, Earl Chase, Richard H. Webb, Mrs. S. Gilroy Chandler, Mrs. William Plaine, Mrs. Lawrence Collins, Mrs. Ernest Rainey, Mrs. Robert Meyer, Mrs. Esther Caney, Sunapee Woman's Club, Mr. and Mrs. Alden Gamsby, Mrs. Noel Eastman, Mr. Prentiss Glazier, Livia Szentivany and Ray Lawrence. Magazines were given by: Mrs. Charles Hill and Mrs. Erburne Smith.

I attended a meeting in New London February 1 regarding a study of library service in New Hampshire which has been made by the University of New Hampshire.

My appreciation to the Library Trustees, Mrs. William Plaine, Mrs. Guy Alexander and Mr. William Lary.

Respectfully submitted,

MABEL S. DAVIES, Librarian

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Sunapee:

I submit herewith my fifteenth annual report as Superintendent of Schools.

Enrollment

The enrollment for the school year 1962-63 is 262 — divided as follows:

Elementary (Grades 1 - 6)	— 132
Junior High (Grades 7 - 8)	— 48
High School (Grades 9 - 12)	— 82

This year Grade 8 is being operated on a departmental-basis with Grades 9-12. This plan appears to be working out for the betterment of the students—where they have different teachers—each who has specialized in his particular field. Grade 7 is now operated on a semi-departmental set-up where the students go to different teachers for such subjects as Industrial Arts, Home Economics, Music, Art, and Physical Education—but have the same teacher for the academic subjects.

School Library

The major plant improvement was made in developing more adequate space and facilities for the school library. A partition containing book shelving was erected to divide the old auditorium. (The other half of this area is used for Music, Audio-visual showings, and for small group meetings) New fluorescent lighting was installed together with suitable library equipment and furnishings.

A start has been made this year—and should continue for several years—to build up the book collection. We are grateful to a number of townspeople who have donated volumes to the collection.

The build-up of the library and the prospects for continued improvement in future years has been greatly aided by the work of Mrs. Dorothy Jones whose duties are now divided between teaching Commercial subjects and serving as School Librarian. The professional courses that she is taking in school library work are of even greater value because of her real interest and willingness to work to make the Sunapee School Library the focal point of the instructional program of the school.

Minimum Standards for N. H. High Schools

The Sunapee School Board has voted to seek approval for 1963-64 as an "approved high school" rather than an "approved comprehensive high school." The major reason for not seeking the "comprehensive" category lies in the "Practical Arts" requirements—(Home Economics Commercial, and Shop courses.) Although Sunapee High School now offers 13 out of a necessary 14 courses in Practical Arts—due to small enrollments—some of the courses are given in alternate years. To be "comprehensive," no less than 10 of the 14 required Practical Arts courses must be offered in any school year. This school year (1962-63) Sunapee offers 7 courses in this area and would have to offer 3 more courses per year to satisfy this requirement. There are not sufficient students to take these additional courses—if they were offered on a yearly basis.

The School Board intends to offer in 1963-64 essentially the same curricula offerings as at present. This includes courses in all the regular high school areas—Academic, Home Economics, Commercial, and Industrial Arts. In 1964-65 it is now planned to put in an additional course of fourth year French. There will then be a group of students ready for this level.

Evaluation Report of New England Association of Secondary Schools and Colleges

A visiting Committee from N. E. A. S. S. C. evaluated Sunapee High School on March 20, 21, 22, 1962 and issued an extensive written report during the summer. The school was approved for continued membership in the Association. Several of the recommendations have been incorporated and others will be considered for the future. In my opinion, some of the major suggestions were based on a much larger high school and are not applicable at this time, such as the addition of more courses in the Home Economics and Commercial Departments, and an additional instructor for girls physical education. The present enrollment does not justify such recommendations.

New Equipment

Major items of new equipment include:

4-Drawer file for the Office

2 Typewriters — Commercial Department

Desk and Chair units for Math room

Library tables and equipment

Bleachers for gymnasium with seating
capacity for 360

Conclusion

The work of the school touches many phases of community activity. It is our hope that the accomplishments will be such as to merit the continued interest and support of the citizens of Sunapee.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

REPORT OF THE PRINCIPAL

SUNAPEE HIGH SCHOOL

Sunapee, N. H.

January 22, 1963

Superintendent Gordon B. Flint

Newport

New Hampshire

Dear Mr. Flint:

Commencement Exercises for Sunapee High School were held on June 14, 1962. There were ten graduates: Richard Austin, Jennie Click, John Crowder, Richard Gregory, Judy Hall, Patricia Houghton, Sally Huff, David Nutting, Tarry Stockbridge and Dale Tucker.

Recipients of awards were as follows:

Alumni Scholarship Award	Jennie Click
--------------------------	--------------

Murvin A. Bailey Award	Sally Huff
------------------------	------------

Bausch and Lomb

Science Award	Tarry Stockbridge
---------------	-------------------

Daughters of American Revolution

Citizenship Certificate	Jennie Click
-------------------------	--------------

John U. & Della M. Emerson

Scholarship	Dale Tucker
-------------	-------------

Josten Citizenship Award	Jennie Click
--------------------------	--------------

Sunapee Fire Dept. Sports Award	Mark Coale
---------------------------------	------------

One member of the class is attending Plymouth Teachers College, two are attending Pierce Secretarial College and one is attending the Laconia School of Nursing. Three members of the class are in the armed services and two are working locally.

Sunapee High School was re-evaluated during the spring of 1962 by a committee from the New England Association of Colleges and Secondary Schools and in December was accepted for continued membership in the association.

Again we urge the closest possible cooperation between the home and the school in determining post secondary plans for students. It is becoming increasingly difficult to arrange delayed admissions to even our own state educational facilities both private and public. We at school are making every attempt to expand our guidance facilities and will be most willing to work with parents in selecting areas of employment or further education for the students in Sunapee.

Respectfully,

DAVID W. SHERBURNE

Principal

REPORT OF TEACHER CONSULTANT

Following is a brief summary of some of the services and responsibilities I have been happy to share. In rendering this report, I gratefully acknowledge the continued support, encouragement, and guidance of many people within the school system and throughout the community.

Classroom Visits and conferences with teachers have made it possible to share the educational atmosphere of the classroom. Through such conferences teachers can become aware of strengths and weaknesses with continuous improvement as a main objective.

Resources and Materials are made available where needed and where specifically requested. This would include such items as references, special texts, workbooks, filmstrips, and other instructional aids.

The Testing Program includes (a) achievement tests at all elementary levels in the major curriculum areas of reading, language, and arithmetic; (b) general ability tests at intervals of grades 1, 4, 6, and 8; (c) individual testing (Stanford-Binet Scale) as requested by the principal, teachers, and parents with clinical follow-up where deemed necessary.

Curriculum Improvements are gradually realized as continued emphasis is given to:

1. the newer techniques and approaches to the teaching of arithmetic. It is anticipated that further experimentation will prevail before a major curriculum revision is undertaken.

2. the use of Reading Laboratories — individual reading selections of graded difficulty — as a means of individualizing the teaching of reading skills throughout most elementary and junior high grades.

3. educational T. V. as a teaching aid in science (grades 5 & 6); New Hampshire History (grade 4), and art (as deemed effective by the art supervisor).

4. the organization of a system-wide curriculum committee (now in process) for the purpose of reviewing exist-

ing outlines and up-dating scope and sequence, grades 1-6, particularly in science, mathematics, and social studies.

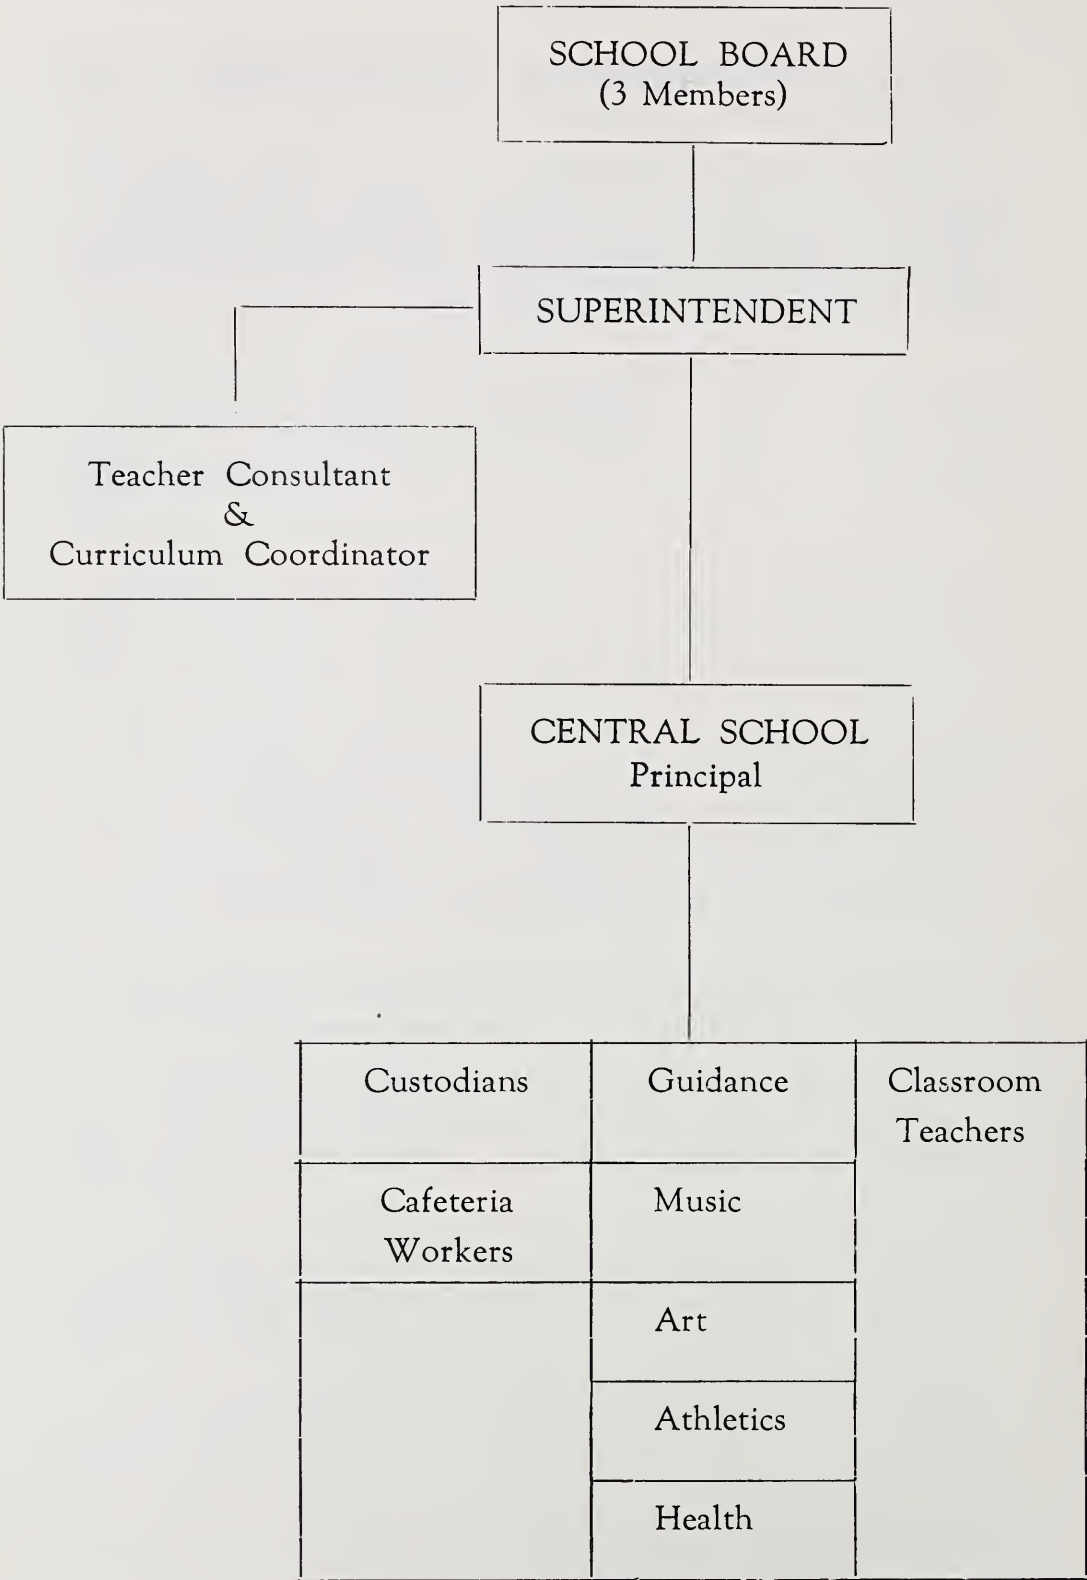

Educational Conferences in reading, testing, mathematics, and supervision, whether informally with teachers or teacher groups or on a regional basis, have all aimed at keeping abreast of current educational trends. All such conferences have been most rewarding.

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District of Sunapee qualified to vote in District affairs.

You are hereby notified to meet at the School Auditorium in said District on the 12th day of March 1963 at nine of the clock in the forenoon to act upon the Articles set forth in this Warrant. Articles 1, 2, 3, 4, and 5 of this Warrant covering the election of Moderator, Clerk, Treasurer, Member of the School Board, and Auditors will be acted upon at 9 o'clock a.m. and voting will be by official ballot and check lists and the polls will remain open for this purpose from 9 o'clock a.m. until 7 o'clock p.m. At 1:30 o'clock in the afternoon the remaining Articles will be acted upon.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose one or more Auditors and such other Officers and Agents as the voters may judge necessary.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Article 7. To see if the District will vote to raise and appropriate \$167,672.24, as recommended by the School Board in its annual report, for the support of schools, for the salaries of District Officers, and for the payment of the statutory obligations of the District; and to authorize the application against said appropriation of such sums as are estimated to be received from state sources, together with other income estimated at \$9,200.00, the School Board to

certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town.

Article 8. To transact any other business that may legally come before said meeting.

Given under our hands this 14th day of February, nineteen hundred and sixty-three.
